Dear Governor Wolf,

As your constituent, I want you to know that I support your decision to impose a moratorium on executions. As we approach the second anniversary of the moratorium, I urge you to do everything in your power to put a complete end to the death penalty in Pennsylvania.

Please let me know what your position is on the government using its power to kill its own citizens. I look forward to hearing from you and to working together to put an end to this failed government policy.

Sincerely,
